A weird little story, based on a song of Jason's wonderful last album.

SPIDER

„Let the spider alive!"

Lars shrieked.

"Huh ... What?"

Jason held Lars' wrist in a steely grip. The magazine in Lars' hand fell to the floor.

Lars howled in pain.

"What the fuck ..."

"

Let the spider alive", Jason coldly repeated. "Are you deaf?"

Lars tried to free his arm but failed.

"Let go, Newkid", he hissed. "You are mad ..."

Long fingers clutched his neck and lifted him.

Deadly black eyes of a spider looked at him.

"NewKID? You sure?"

Lars trembled.

"Sorry ... Newsted ..."

A smile.

"Exactly".

Lars fell to the floor.

The spider was gone.
